Our annual steak dinner, hosted by the Woodstock Moose, ***sold out*** again this year thanks to our generous and supportive community.

The steaks (provided by Wholesome Foods) were expertly prepared by Jay Ross and his wife, Tammy. Valley Health provided most of the food. Thrivent funds were used to purchase desserts, paper products and water. Many, many volunteers were involved from initial planning to cleanup after the event. We are so grateful for each of you.

Net proceeds for the dinner were \$12,509.00.

A raffle included this year provided an additional \$1,300.00.

We are currently collecting reusable grocery bags for our food pantry. New or gently used are both appreciated.

Executive Director

On behalf of Family Promise of Shenandoah County, please accept our heartfelt gratitude for your ongoing support of our mission. Whether you attended our Annual Steak Dinner, donated items from our wish list, or made a financial contribution, your generosity has helped us end family homelessness one family at a time.

Thanks to your support, in the first quarter of 2025 we were able to provide services to 64 Shenandoah County families comprised of 90 adults and 113 children. It is because of individuals like you, that 113 children were sheltered, received food and supplies, or avoided the trauma of homelessness through our Eviction Prevention program. You have made a meaningful difference in our community.

Thank you once again for your generosity and dedication. We are truly grateful for your commitment to Family Promise. Your involvement inspires us to keep striving toward our goals and reminds us that together, we can create lasting change.

Wishing you peace,
Kelly

“Do not neglect to do good and to share what you have, for such sacrifices are pleasing to God.” Hebrews 13:16

Spring is a time of new beginnings. Trees and flowers are blooming. Birds are building nests, and other animals are preparing for the arrival of their babies.

The very best of new beginnings is happening for 3 of our families. They are moving into permanent, stable housing 2 are expecting new babies. It has been a blessing working with these families. They are hardworking, resilient, and ready to move forward. Many have barriers that are often hard to overcome. Patience is often needed and sometimes it is hard to stay positive. I have been so impressed with the positive attitudes of these families. They have worked hard and now they are moving to their own places. I look forward to continuing to walk along with these families in their journey of sustainability and self-sufficiency. I can't wait to see what the future holds for them.
